ARGUMENT IN FAVOR OF MEASURE D

In November 1985, 1990 and 1993, the voters of Kent Woodlands overwhelming approved a special assessment for extra Sheriff's patrol services in Kent Woodlands. A "YES" vote on Measure D will ensure that all Kent Woodlands households continue to receive the protection and benefits of this special Sheriff's patrol. The approval of two-thirds of those voting is required to pass this measure.

Measure D both authorizes the continuation of the special Sheriff patrol assessment and increases the maximum assessment amount that can be charged from \$195 to up to \$260. The annual household assessment is calculated by dividing the costs of the special Sheriff's patrol by the number of households. In Fiscal Year 2001-2002, this tax will be \$206.

In order to account for future cost increases, we are recommending that the maximum assessment amount be increased from \$195 to up to \$260 per household. Remember that this is only a maximum amount to account for any possible increase in costs over the next four years. Under the rules of Proposition 4, the community must vote on this tax every four years.

Measure D will fund continuation of the current service in Kent Woodlands up to and including fiscal year 2005-2006. If this measure does not pass, the Sheriff would no longer be able to continue to provide this special patrol service at the current level.

We very strongly urge a "YES" vote.
