## ARGUMENT IN FAVOR OF MEASURE B

### Keep our most valuable assets, valuable.

Reed, Bel Aire and Del Mar are excellent schools and our students are ranked #1 academically in Marin County. Traditionally, strong support from parents and community members has ensured that our schools offer only the highest quality programs. Our bond dollars are improving the schools *structurally*, but now we must protect our schools' exceptional *programs* by *renewing* the parcel tax.

On March 4, 2003, voters in Belvedere, Tiburon and East Corte Madera will have the opportunity to reaffirm their commitment and in turn guarantee excellence in education for years to come. Measure B will:

- Continue comprehensive, exceptional educational programs
- Attract and retain accomplished and experienced teachers
- Protect small classes

This local tax, deductible from state and federal income taxes, has a five-year term at a cost of \$275 annually or \$22.91 per month per parcel, with a three percent yearly adjustment. This funding accounts for 11 percent of the District's annual budget.

California school funding does not fully support the programs our community believes are critical in helping our students reach their fullest potential. It is almost certain that the current state budget crisis will drastically reduce funding for our school district's basic education programs. Through renewal of this parcel tax we can protect our valuable educational assets, as all funds generated from the tax go directly to the Reed Union School District.

Tiburon, Belvedere and East Corte Madera demand an outstanding school system; it is our community's commitment to our children and our future. Please join us in continuing to provide local funding to keep our schools strong. **Vote YES on Measure B.**
