## **ARGUMENT IN FAVOR OF MEASURE F**

This Measure increases an assessment begun in 1980, to provide paramedic services. Approval must be by two-thirds of those voting, every four years.

Our County Service Area No. 19 contracts with the San Rafael City Fire Department to provide emergency medical response in our unincorporated area.

This Measure does two things: (1) it increases the maximum annual assessment from the current \$85 to \$95 for each household, and (2) increases the maximum tax, per square foot for each non-residential structure, from the current 11 cents to 13.2 cents per square foot.

For the past four years, the maximum rate per household was \$85. To account for future cost increases, this Measure provides the authority to increase the maximum amount to \$95 over four years. The actual rate is set by the Board of Supervisors annually, determined by actual costs, in negotiation with the City. The cost of service is determined by the number of households and commercial properties in the unincorporated area surrounding San Rafael.

Because the San Rafael Fire Department can leverage their existing stations, vehicles, and expert personnel, they can provide the best possible response time for medical emergencies, and the highest quality of emergency medical care, at lower cost than a private ambulance. The program is designed to provide critical emergency services to all those in need, regardless of ability to pay. If a resident of C.S.A. 19 called a private ambulance company the Basic Life Support charge would be hundreds of dollars, plus supplies and mileage charges. By comparison, the life-saving service we receive from this Measure is a real bargain.

If this Measure does not pass, the City of San Rafael can reduce the level of paramedic service to our community.

**WE STRONGLY URGE YOU TO VOTE "YES" TO  
MAINTAIN THIS CRITICAL SERVICE.**
