Dear Supervisors:

RECOMMENDATION:

1. Adopt this Resolution affirming equality and inclusion for all residents in the County of Marin.

SUMMARY:

The County's Five year business plan places special emphasis on the County's focus on building a diverse and inclusive organization so that our County of Marin government is more responsive to the needs of our residents.

Recent events and rhetoric have contributed to the fact that many in our community are fearful. Fearful of discrimination, fearful of hate, fearful of deportation, and fearful of exclusion from a community in which they belong. Marin County has a role in maintaining and creating equity for our residents. We are not a community of hate and this resolution affirms that we are and will continue to be a united Marin County, committed to equality and inclusion for all.
