Board of Supervisors  
Marin County Civic Center  
San Rafael, CA 94903

Dear Board Members:

**SUBJECT:** A Traffic Resolution establishing a two-hour timed parking zone on Drake Avenue fronting the Marin City public safety building.

**RECOMMENDATION:** Adopt the traffic resolution.

**SUMMARY:** The Traffic Engineering staff has evaluated a request from the Sheriff and Fire Department to establish a timed parking zone along the frontage of the Marin City public safety building allowing consistent and easily accessible visitor parking. While adequate on street parking exists in this portion of Marin City, local residents choose to park their vehicles along the public safety building property to elevate the safety of their vehicle. This parking routinely occurs over several days limiting the parking for visitors to the public safety building.

Establishing the timed parking zone will provide routinely available visitor parking for the public safety building during business hours, while allowing residents to park overnight.

**FISCAL IMPACT:** None.
