RE: Resolution of Commendation for the Inverness Improvement
Association

Dear Colleagues,

Please join me in honoring the Inverness Improvement Association upon the 75th anniversary of the organization's formation. This group is one of those outstanding community resources dedicated to the protection of the community it serves. Comprised entirely of volunteers, the Inverness Association works at the heart of the community to share community news, vet community issues, and take on diverse community projects for the benefit of residents and the environment. The organization's long track record of service is highly deserving of our commendation, which, if approved, will be presented at the upcoming 75th anniversary celebration on July 9.

Sincerely,

Steve Kinsey
