SUBJECT: Resolution allowing parking on portions of Gate Six Road in the Waldo Point Area (District 3).

Dear Board Members:

RECOMMENDATION: Adopt the attached traffic resolution.

SUMMARY: Traffic Engineering staff has evaluated and agrees with parking shortage concerns raised by the residents of Waldo Point Area. The existing No Parking Regulation along the north side of Gate Six Road can safely be utilized for parking. This will address the parking shortage described and approved by the majority of the residents. We therefore recommend that parking be restored at all times along the 186 foot space, beginning at a point 144 feet east of the intersection of Bridgeway and Gate Six Road, and continuing easterly for a distance of 330 feet, in the Waldo Point area.

FISCAL IMPACT: None.
