Marin County Board of Supervisors
3501 Civic Center Drive
San Rafael, CA 94903

SUBJECT: Extension of the Temporary Closure on Fairfax-Bolinas Road MP 8.13 to MP 10.28 until February 27, 2009 for Storm Damage Repairs

Dear Board Members:

RECOMMENDATION: Approve the extension of the temporary road closure for the dates specified below.

SUMMARY: On November 4, 2008, your Board approved a temporary road closure on Fairfax-Bolinas Road from November 10, 2008 to January 30, 2009, for a storm damage repair at MP 8.46. The limits of the closure are from MP 8.13, west of Alpine Dam at the Cataract Trail Head to MP 10.28 at Ridgecrest Boulevard. This section of road does not serve any residents.

The contractor is unable to open the road by January 30, 2009, due to unexpected construction delays on the new retaining wall. While significant progress has been made, there are items of work remaining that require the road to be closed. We currently anticipate that the road will be reopened by February 27, 2009, at the latest. The contractor is focusing their efforts at this location and the road will be opened sooner.

FISCAL/STAFFING IMPACT: None.
