---	----

BACKGROUND

The County of Marin has a longstanding commitment to equal employment opportunity as the County's Board of Supervisors (BOS) first put into place the major components of an Affirmative Action Program between 1975 and 1978. Recognizing the need to remedy past discrimination impacting people of historically underrepresented groups, and to promote ethnic/racial and gender diversity in the workforce, the BOS issued an Affirmative Action Policy Statement ("Policy") in 1976 reaffirming the County's commitment to "ensuring equality of opportunity to each employee and all applicants for employment." It included the establishment of the Affirmative Action Advisory Committee (AACC), the creation of an Affirmative Action Officer position and the adoption of an Affirmative Action Plan ("Plan").

In 1980, the County and the National Organization of Women ("NOW") crafted and entered into a Consent decree ("Consent Decree") as part of a settlement of a federal lawsuit filed by NOW. The lawsuit alleged discrimination and disparate treatment of women by the County of Marin with regard to employment opportunities and conditions. The Consent Decree, among other things, prohibits the County from discriminating against any individual on the basis of gender, provides for the establishment of an Affirmative Action Officer, and sets forth steps the County must take to achieve parity between men and women in its workforce. The Court continues to retain jurisdiction to enforce the terms of the Consent Decree. Currently, the County, in conjunction with the Marin Women's Commission, is in the process of reviewing the County's compliance with the terms set forth in the Decree and creating a responsive action plan.

In 1996, California voters approved proposition 209, codified as Article 1, section 31 of the California Constitution. Proposition 209 provides, in part, that "*[t]he state shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment.*" In order to comply with Article 1, Section 31 of the California Constitution, in 2005 the Affirmative Action Advisory Committee was renamed to the Equal Employment Advisory Committee (EEAC) and the title of the Affirmative Action/Diversity officer was changed to the Equal Employment/Diversity Officer. At the same time, the BOS approved a 2005-2010 Plan, which was developed in full compliance with Article I, Section 31 and all other applicable laws and regulations. Currently, the Equal Employment Division is preparing a new five year plan which, upon approval, will be effective July 1, 2010 through June 30, 2015.

In addition to the Plan, the Department of Human Resources, with input from the EEAC, has presented an annual or biennial Equal Employment Report (Report) since 1980. This Report helps to assess how successfully the directives stated in the Policy have been carried out in the previous year or two. Additionally, the Report aids in evaluating the County's progress in executing its Plan.

TERMINOLOGY

CONVERSIONS: Current employees who successfully and openly compete for a job with the County.

LABOR MARKET AVAILABILITY (LMA): For this report, labor market availability data was compiled from Census 2000 statistics for the six counties in which 85% of the County's job applicants reside: Marin (40%), Sonoma (18%), San Francisco (8%), Contra Costa (7%), Alameda (7%), and Solano (5%) counties. (Counties providing less than 5% of Marin County applicants are dropped from the analysis as not having a significant impact.) Labor market availability is provided for men, women and the race and ethnic groups listed below.

RACE AND ETHNIC GROUPS:

- **White** (not of Hispanic origin): All persons having origins in any of the original peoples of Europe, North Africa, or the Middle East.
- **Black**: (Not of Hispanic origin.) All persons having origins in any of the Black racial groups of Africa.
- **Hispanic**: All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
- **Asian**: All persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa.
- **American Indian or Alaskan Native**: All persons having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.

UNDERUTILIZATION: The condition that exists when the gender or ethnic/racial group is not represented at a level similar to the group's presence in the labor market, as identified by the LMA. Underutilization is consequential and has practical statistical significance *only* if the variance exceeds **three** people.

EEO JOB CATEGORIES:

- **Officials and Administrators (10):** Occupations in which employees set broad policies, exercise overall responsibility for execution of these policies, or direct individual departments or special phases of the agency's operations, or provide specialized consultation on a regional, district, or area basis. Includes: department heads, directors, assistant directors, chief assistant directors, deputy directors, sheriffs, risk managers, principal personnel analysts, fire chiefs and similar workers.

- **Professionals (20):** Occupations that require specialized and theoretical knowledge that is acquired through college training, or through work experience and other training which provides comparable knowledge. Includes: personnel and labor relations workers, social workers, doctors, psychologists, registered nurses, administrative services managers, dietitians, attorneys, deputy probation officers, probation supervisors, librarians, principal systems analysts, social service workers, systems support analysts, accountants, engineers, employment and vocational rehabilitation counselors, teachers or instructors, fire captains and lieutenants and similar workers.
- **Technicians (30):** Occupations which require a combination of basic scientific or technical knowledge and manual skills which can be obtained through specialized post-secondary school education, or through on-the-job training. Includes: appraisers, auditor appraisers, computer specialist/technicians, eligibility workers, licensed technicians, reprographic technicians, police service and fire sergeants and similar workers.
- **Protective Service Workers (40):** Occupations in which workers are entrusted with public safety, security and protection from destructive forces. Includes: fire fighters, fire fighter paramedics, deputy sheriffs, correctional officers, detectives, and similar workers.
- **Paraprofessionals (50):** Occupations in which workers perform some of the duties of a professional or technician in a supportive role, which usually requires less formal training and/or experience normally required for professional or technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept. Includes: administrative services associates, child support officers and specialists, parking enforcement officers, personnel technicians, library assistants, and similar workers.
- **Administrative Support (Office/Clerical) (60):** Occupations in which workers are responsible for internal and external communication, recording and retrieval of data and/or information and other paperwork required in an office. Includes: clerk-typists, deputy clerks, elections clerks, legal process assistants, secretaries, statistical clerks, dispatchers, and similar workers.
- **Skilled Craft Workers (70):** Occupations in which workers perform jobs which require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work which is acquired through on-the-job training and experience, or through apprenticeship, or other format training programs. Includes: building maintenance worker, garage supervisor, mechanic and repairer, maintenance electrician, heavy equipment operator, stationary engineer, park ranger, stage technician, and similar workers.
- **Service-Maintenance (80):** Occupations in which workers perform duties which result in, or contribute to, the comfort, convenience, hygiene, or safety of the general public, or which contribute to the upkeep and care of buildings, facilities, or grounds of public property. Workers in this group may operate machinery. Includes: custodians, landscape services workers, road maintenance workers, utility workers, gardeners and groundskeepers, and similar workers.

SECTION I

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

The County is not only dedicated to diversity in the overall County workforce, but it is also dedicated to ensuring that there is parity within each of the following eight EEO Job categories:

- Officials and Administrators
- Professionals
- Technicians
- Protective Service Workers
- Para-professionals
- Administrative Support (including clerical)
- Skilled Craft Workers
- Service-Maintenance

In Fiscal Year 2009 the County of Marin had 1871 regular full-time employees and 204 regular part-time employees. Of the regular full-time employees, 892 (47.7%) were men and 979 (52.3%) were women. Of the part-time employees, 22 (10.8%) were men and 182 (89.2%) were women.

1378 (73.7%) of the Marin County regular full-time employees were White, 112 (6.0%) were Black, 218 (11.7%) were Hispanic, 148 (7.9%) were Asian and 15 (.8%) were American Indian/Alaskan Native.

156 (76.5%) of the Marin County regular part-time employees were White, 5 (2.5%) were Black, 26 (12.7%) were Hispanic, 16 (7.8%) were Asian, and 1(.5%) was American Indian/Alaskan Native.

The FY 2009 Equal Employment Report continues to rely upon Census 2000 data.

Where EEO job category underutilization exists, the cell in the Workforce Composition charts and tables in Section I and County Department Profiles in Section II are shaded for emphasis.

FINDINGS

The total number of underutilized departmental EEO job categories has varied slightly and has increased by one. See appendix – Summary of Department Underutilization of Women and Minorities by EEO Job Category, page 56.

The full time regular hire workforce statistics show a minor increase in the percentage of women hired (up 1.1% from last year) and a slight decrease in the percentage of minorities hired (down 0.6% from last year) for FY 08/09. However, overall the County workforce increased in its numbers of women and minorities: 52.3% of the workforce was comprised of women, compared to 51.7% last year, and 26.3% was comprised of minorities as compared to 25.9% last year.

The part-time appointments confirm that women were appointed at a rate of 92.5% (an increase of 25.6% over FY 07/08) and minorities were appointed at a rate of 25.6% (a decrease of 14.4% from the previous year).

This year, women earned 64.0% of all full-time promotions, an increase of 18.6% from 45.4% in the previous year. Minorities earned 34.7% of all full-time promotions, an increase of 17.7% from 17.0% in the previous year.

Respectively, separation of full-time women and minorities decreased by 13.6% and 0.5%; Separations of part-time women and minorities also decreased by 11.6% and 23.2%. See Section III for further summary and analysis of employment activities which includes appointments, promotions, separations, and turnover rates for full and part-time employees.

Combined, minority new hires and minority promotions to full-time regular positions increased from 24% to 32.1%.

Four Year Retrospective

For the past four years, the County has used the same labor market availability numbers. The chart on pages 48-55 was created as a four year look back to enable analysis of underutilization trends. Thirteen departments show no underutilization for that time period: Agricultural Weights and Measures, Department of Finance (Auditor Controller), Board of Supervisors, Child Support Services, Coroner, County Administrator's Office, County Counsel, Cultural Services, District Attorney, Farm Advisor, Human Resources, Public Defender, and Retirement.

Two departments show underutilization for only one year during this period. The Community Development Agency showed no underutilization for FY 05-06, 06-07 and 07-08, but shows underutilization of Women Professionals for FY 08-09. Probation only showed underutilization of Women Professionals for FY 05-06, but has had no underutilization since that time.

Information Services Technology (IST), Health and Human Services (HHS), Library and Treasurer/Tax Collector all showed underutilization for three out of the last four years. Neither IST nor Library showed any discernible trend. HHS showed a trend of underutilization in Black and Asian Professionals, but this was corrected for FY 08-09. Treasurer/Tax Collector showed a trend of underutilization for Women Administrative Support, which was also corrected for FY 08-09.

The following departments show underutilization for all of the past four years: Fire, Parks, Public Works and Sheriff. Out of those, Parks showed the least amount of underutilization for this group with a trend of underutilization for Hispanic Service/Maintenance employees for all four years and Women Professionals for FY 06-07 and FY 07-08 which was corrected for FY 08-09.

Fire remained consistent from year to year with 3 EEO categories underutilized each year: Women Professionals, Women Protective Services and Black Protective Services.

As compared to the other departments, both Public Works and Sheriff show significant underutilization. In addition to some sporadic underutilization, Public Works showed labor market availability was not met for EEO job categories for all four years as follows:

<u>Public Works</u> <u>4 Year Underutilization</u>	<u>Public Works</u> <u>Sporadic Underutilization</u>
-Women Technicians	-Women Official/Administrator
-Women Skilled Crafts	-Black Service/Maintenance
-Women Service/Maintenance	-Hispanic Skilled Crafts
-Hispanic Service/Maintenance	

The Sheriff Department had the most historic underutilization for this time period, showing labor market availability was not met for EEO job categories for all four years as follows:

<u>Sheriff</u> <u>4 Year Underutilization</u>	<u>Sheriff</u> <u>Sporadic Underutilization</u>
-Women Professionals	-Hispanic Administrative Support
-Women Technicians	-Hispanic Protective Services
-Black Protective Services	
-Black Administrative Support	
-Hispanic Service/Maintenance	
-Asian Protective Services	

The only overall historic trends, other than those departmental trends mentioned above, appear to be a difficulty in meeting the LMA for Women Professionals and Hispanic Service Maintenance within the departments showing underutilization during the four year period . These were the two most underutilized EEO categories for women and minorities.

Department Underutilization

The following Departments continue to show underutilization from FY 07/08 into FY 08/09 as follows: (see Appendix - page 56 for this year Summary of Department Underutilization of Women and Minorities by EEO Job Category)

1. <u>Assessor/Recorder</u>	<u>Women/Administrative Support</u>
2. <u>Fire</u>	<u>Women/Professionals</u> <u>Women/Protective Services</u> <u>Black/Protective Services</u>
3. <u>Library</u>	<u>Asian/Para-Professionals (Part-time)</u>
4. <u>Parks & Open Space</u>	<u>Hispanic/Services & Maintenance</u>
5. <u>Public Works</u>	<u>Women/Technicians</u> <u>Women/Skilled Crafts</u> <u>Women/Services & Maintenance</u> <u>Hispanic/Services & Maintenance</u>

6. Sheriff

Women/Professionals
Women/Technicians
Black/Protective Services
Asian/Protective Services
Black/ Administrative Support
Hispanic/Services & Maintenance

OVERVIEW AND COMMENT

The Board's policy and history of strong support for the County Equal Employment Plan is making a difference. There was an increase in the overall number of minority and women employees in the workforce and in the percent of women hired. Full-time promotions for women and minorities both increased. Perhaps more importantly, separations for full and part-time women and minorities decreased for the second successive year, showing a better retention rate of these employees.

However, there was an increase, though slight, in the number of EEO categories within departments showing underutilization. The four year retrospective shows continuing underutilization. These numbers show that the Equal Employment plan should continue to be a viable part of the County commitment to achieving a workforce which reflects the diversity of the available qualified labor pool and the importance of annually tracking workforce composition.

For each recruitment of an open position, including underutilized positions, the job announcement is sent to a specialized mailing and email list which includes EEO recommended sources. Further, for underutilized positions, additional internet sources are researched. If posting is free or funding is available, the position is posted on the site. The recruitment email outreach list was successfully expanded during this past year to include more local non-profits and grassroots organizations in Marin County.

Another change is that workforce statistics, including the workforce makeup and underutilization statistics, have been incorporated into the Department Head evaluations held annually with the Board of Supervisors. The statistics include not only the diversity breakdown of the department's workforce, but also the breakdown for appointments of new hires, conversions, and promotions.

One challenge will be to continue and improve recruitment outreach, which will pave the way for success in achieving parity with labor market availability. The dramatic economic downturn, which has adversely impacted the County budget, is an unforeseen factor which could have unanticipated effects on the workforce makeup which are unrelated to the County's past and continuing equal employment efforts. It is not possible to predict the impact of the voluntary separation incentive program or potential lay-offs on the workforce composition. Additional obstacles to recruitment have included, and may continue to include, the following: the high cost of living and housing in Marin, commute, commute distances and the perception of Marin County as an employer given the existence of underutilization.

In Section II, following the summary of recommendations below, the Equal Employment Advisory Committee (EEAC), which advises the Personnel Commission, produces its own findings, concerns and recommendations. The EEAC specifically expresses support for the Equal Employment Officer's (EEO) recommendations two through eleven

below. In addition, the EEAC makes recommendations which exceed the scope of this report.

SUMMARY OF RECOMMENDATIONS

1. We ask the Board of Supervisors to re-affirm their commitment to the County of Marin Five-Year Equal Employment Plan July 1, 2005 - June 30, 2010, which sets forth the County of Marin's commitment to equal employment opportunity to all people and to diversity in the workforce, in compliance with all applicable laws and regulations. A new five year plan is being created which will cover July 1, 2010 – June 30, 2015.
2. The outreach recruiting efforts be continued and intensified for all ethnic/racial minorities and women in the categories and departments which are not fully utilized to the labor market availability, but this may require additional funding. Continue to utilize popular internet recruiting sites, when funding provides, to advertise historically underutilized positions. The popular internet recruiting sites include those targeted at a specific group, such as a site specifically aimed at jobs for women in law enforcement. These sites may have associated costs due to the current popularity and apparent success of diverse-oriented internet recruiting techniques. Use the updated email outreach list for each applicable underutilized position that opens for recruitment. Continue to update the email outreach list by adding contacts from surrounding counties.
3. Continue the new practice of providing workforce statistics such as the diversity makeup of the department's workforce, new hires, conversions and promotions to the Department Heads and Board of Supervisors when evaluating Department Heads annually for their contribution and commitment to equal employment opportunity principles and diversity in the workforce.
4. In addition to providing the Department Heads with notice of any underutilization in their department, begin a new practice of also providing them with all job classifications which are included in an underutilized EEO category and the number of employees required to correct the underutilization.
5. Proactively use the consent decree to reduce and eliminate underutilization of women. Actively analyze and monitor the County's compliance with the NOW Consent Decree, and initiate necessary action, through a committee, to attain and sustain full compliance. This recommendation has been incorporated into the Human Resources annual Performance Plan for FY 2010-2011.
6. Examine the workforce of surrounding Bay Area Counties for any trends in underutilization in EEO job categories in which Marin shows historical underutilization. Compare and investigate whether other Counties are able to meet LMA. This could provide some insight in assessing the suitability of the LMA being used by Marin County and any unique characteristics that hinder Marin in meeting LMA.
7. Evaluate all certification lists for any underutilized recruitment. Identify whether the certification list contained applicants who were members of the underutilized protected class. Further, track whether a woman or minority applicant was selected.

This information should be provided on an annual basis to each Department Head for departments wherein underutilization exists.

8. Continue to ensure that all oral boards include at least one woman where there is a female candidate. This will ensure compliance with the NOW Consent Decree. Where practical and feasible, have a woman on all oral boards, as the County workforce is comprised of more than 50% women.
9. Continue to strive to include at least one person who is an ethnic minority on all oral boards, where feasible and practical, in order to promote the County's diverse workforce and to represent diverse viewpoints when recruiting applicants.
10. Reaffirm the County's goal of providing a workplace free from discrimination, harassment and retaliation, which will help attract a more diverse, qualified pool of applicants, by supporting a continued increase of efforts to achieve full compliance with the mandatory Rights and Responsibilities (R&R) class. This class educates each County employee regarding anti-harassment, anti-discrimination, anti-retaliation and equal employment policies of the County. Support the initiation of a more strenuous R&R training compliance requirement: All new employees, employees who have never taken R&R, and employees who took R&R prior to July 31, 2005, must attend. In addition, all employees are required to attend a mandatory refresher course every five years.
11. Annually track NOW Release Time usage by County female employees.
12. Revise the heritage month celebrations to be all inclusive by establishing an annual Diversity Day Celebration for employees.
13. Create and implement a campaign promoting the County as an equal opportunity employer, welcoming diversity.
14. Going forward, support creation of the equal employment report every two years. This will allow time for the above recommendations to be implemented and analyzed for results. The underutilization statistics will still be made available to the department heads for review on an annual basis, but the full report will only be presented to the Board biennially.

SECTION IV

EMPLOYMENT ACTIVITY

SUMMARY OF EMPLOYMENT ACTIVITY

This section provides a written summary and summary of charts showing employment activity for FY 08/09 with an analysis of the FY 08/09 data as compared to the FY 07/08 data.

Appointments: (Summary Table 1)

- Overall, there were 77 full-time appointments made during the year. Of the 77 appointments, women were selected to fill 45 positions for a rate of 58.4%, an increase of 1.1% as compared to the previous year. Minorities were selected to fill 25 positions for a rate of 32.5% which slightly decreased from the previous year by -0.6%, a rate of 33.1%.
- Of the 13 part-time appointments, women were appointed for 12 positions, a rate of 92.3% while minorities were appointed for 3 positions, a rate of 23.1%. The rate of part-time women appointments increased by 25.6% from 66.7%. The rate of part-time minority appointments decreased by 14.4% from 37.5 in previous year.

Promotions: (Summary Table 2)

- Overall, there were 75 full-time promotions this year. Of the 75 promotions, women were promoted to fill 48 positions for 64.0%, an increase of 18.6% compared to the previous year of 45.4%. Minorities were promoted to fill 26 positions for 34.7%, an increase of 17.7% compared to the previous year of 34.7%.

Separations: (Summary Table 3)

- A total of 116 full-time employees were separated from County employment during the year. Of the 116 separations, 62 (53.4%) were women and 27 (23.3%) were minorities. Compared to the previous year, the separations of women decreased by -13.6% from 67.0% and the separations of minorities decreased by -0.5% from 23.8% in the previous year.
- Thirteen of the 16 part-time separations were women for a rate of 81.3% and 2 separations were minorities for a rate of 12.5%. Compared to the previous year, part-time separations of women decreased by -11.6% from 92.9% last year; and the rate of part-time minority separations also decreased by -23.2% from 35.7% last year.
- The turnover rate of full-time employees was 6.2% this year, a -0.7% decrease from the previous year of 7.1% overall. The turnover rate of part-time employee was 7.8% this year, a decrease of -5.5% from the previous year of 13.3%.

Full-time Minority new hires and promotions to full-time regular positions:

- Minority new hires and promotions to full time regular positions in the fiscal year 2009 were 32.1%, an increase of 8.1% from 24.0% last year.
