**SUBJECT: Department of Health and Human Services
Extension of Service Provider Agreements**

Dear Board Members:

RECOMMENDATION:

1. Authorize President to approve the Department of Health and Human Services contract extensions for various non-profits and individuals.

Discussion: Community based contract agencies provide a significant portion of Department of Health and Human Services. In order to ensure that services are provided continuously during the period of transition to a new fiscal year, the Department proposes extension of the attached list of service provider agreements.

Note that all of the contract services are included in the baseline FY 2010-2011 budget for the Department. Note also that all of the contracts include clauses that allow the County to terminate the contract, generally with thirty days' advance notice, if the County no longer has the resources to provide these services. The proposed action would extend current provider agreements through September 30, 2010.

As agreements are completed, they will be made effective July 1, 2010 in order to meet State requirements.

Fiscal Impact: The funds represented herein are included in the proposed FY 2001-11 baseline departmental budget. Contracts will only be executed or further extended if the funding continues to be available.

Respectfully submitted,

Larry Meredith, Ph.D.
Director of Health and Human Services
