Farhad Mansourian, RCE

Director

November 30, 2010

Marin County Board of Supervisors  
3501 Civic Center Drive  
San Rafael, CA 94903

**SUBJECT:** Authorization to Advertise for Qualified Bidders for Countywide  
Street Lighting Retrofit  
Project No. CAP-09056

Dear Board Members:

**RECOMMENDATION:** Authorize the Clerk to advertise for bidders prequalification for  
Countywide Street Lighting Retrofit on December 6, 2010.

**SUMMARY:** On June 8, 2010, your Board accepted the grant in the amount of  
\$376,953 and a loan in the amount of \$1,398,441 from the California Energy  
Commission for energy efficiency projects funded by the American Recovery and  
Reinvestment Act (ARRA) of 2009. The County's application included replacing  
approximately 1688 street lights with energy efficient Light-Emitting Diode (LED) fixtures  
at an approximate cost of \$1,100,000.

In order to successfully complete this project on time, the replacement of the existing  
light fixtures must be performed by an experienced electrical firm that has sufficient  
resources to replace many fixtures utilizing multiple work crews. The Department of  
Public Works recommends hiring a qualified contractor to make sure that replacement  
lights are functioning properly. Based on the attached form qualified contractors will be  
given an opportunity to bid on this project. Prequalification forms will be accepted and  
reviewed by Public Works staff on or before January 6, 2011.

We will return to your Board for approval of plans and specifications which will be  
forwarded to the prequalified contractors.

**FISCAL IMPACT:** There is no additional impact to the General Fund for this action.
