

ORDINANCE NO. 3763
ORDINANCE OF THE MARIN COUNTY BOARD OF SUPERVISORS
REQUIRING ALL FOOD FACILITY VENDORS TO USE REUSABLE FOODWARE
FOR DINE-IN OPERATIONS AND COMPLIANT COMPOSTABLE FOODWARE
FOR TAKE-OUT SERVICES

SECTION I. FINDINGS

WHEREAS, the County of Marin has a desire and responsibility to protect the health, welfare, and safety of its citizens and economy. The proliferation of non-reusable (or disposable) foodware, packaging, and plastics has contributed to street litter, ocean pollution, marine, and other wildlife harm along with the greenhouse gas emissions from the production of the disposable materials; and

WHEREAS, using reusable dishware significantly reduces the generation of unnecessary waste, and in most applications saves money, reduces disposal costs, and improves customer experience; and

WHEREAS, reducing the generation of non-reusable foodware including plastic utensils, plastic cups, plastic clamshells, and plastic straws maximizes the operating life of landfills, reduces litter, and helps to lessen the economic and environmental costs of managing waste. This will also help protect the County's environment from contamination and degradation making it a cleaner, healthier region to all citizens and visitors; and

WHEREAS, the County of Marin restricted the use of expanded polystyrene (EPS) Foodware in 2009, and thus forged the path to reducing harmful, non-reusable foodware; and

WHEREAS, non-reusable foodware threatens public health because many types contain fluorinated chemical additives are known or suspected carcinogens or endocrine disruptors. These additives are known to leach from foodware into food and beverage containers and into compost, soil, and water; and

WHEREAS, numerous jurisdictions in the San Francisco Bay Area and the State of California have adopted legislation reducing the use of non-reusable food packaging with local and national businesses successfully replacing single-use food packaging with affordable durable and reusable foodware or, when needed, compliant compostable fiber foodware products.

NOW, THEREFORE, based on the foregoing, the Board of Supervisors of the County of Marin ordains as follows:

The County may choose to undertake the following legal actions to correct and/or abate nuisances and violations of this ordinance. The Director of Environmental Health Services or their designee is authorized to promulgate regulations and take any and all other actions reasonable and necessary to enforce the provisions of this Article, including but not limited to, entering the premises of any food provider during regular business hours to verify compliance, and by the issuance of Administrative Citations. The remedies and penalties provided by this Article are cumulative and in addition to any other remedies available at law or in equity.

- (a) **Administrative Citations.**
Administrative citations may be issued for violations of this Chapter at the discretion of the Director. The issuance of an administrative citation under this chapter shall not supersede or limit the remedies provided elsewhere in this Code or California law, including other administrative citation remedies. Issuance of an administrative citation may be exercised in place of, but shall not be considered a waiver of, the use of any other available enforcement remedy.
- (b) **Process and Service of Citation.**
 1. Prior to issuance of citation penalty, the County shall issue a violation warning letter to the facility operator and provide the facility operator thirty (30) days to correct the violation(s).
 2. The violation warning letter and/or citation shall be mailed to the food facility operator named in the facility's permit.
 3. The failure of any interested person to receive the violation warning letter and/or citation shall not affect the validity of the proceedings.
- (c) **Administrative Citation Penalty Schedule.**
Following the violation warning letter described in Section 7.25.090(b)(1) above and thirty (30) day cure period, if the violations remains, the County may issue the following administrative penalties:
 1. A fine not exceeding \$100.00 for the first violation;
 2. A fine not exceeding \$200.00 for a second violation of the same Code provision within one year; and
 3. A fine not exceeding \$500.00 for each additional violation in excess of two, of the same Code provision within one year.
- (d) **Response to Citation Penalty**

Following receipt of citation penalty, food facility operator shall have thirty (30) days to pay the fine as indicated on the citation, or to request a waiver of payment of the penalty due to unique undue hardship.

This waiver may be granted by the Director upon demonstration by a food facility operator to the satisfaction of the Director that strict application of the requirements would cause undue hardship. An "undue hardship" includes but is not limited to the following: 1. A situation unique to the food facility where a suitable alternative that conforms with the requirements of this chapter does not exist for a specific application. 2. Imposing the provisions of this Chapter would cause significant economic hardship. "Significant economic hardship" may be based on, but not limited to, demonstrating that suitable Foodware or Foodware Accessories made of Compliant compostable Natural Fiber is not available at a commercially reasonable price and the additional cost associated with providing the Compliant Foodware or Foodware is particularly burdensome to the food facility based on the type of operation(s) affected, the overall size of the business/operation, the number, type and location of its facilities, the impact on the overall financial resources of the food facility, and other factors. Reasonable added cost for a suitable item as compared to a similar item that the food facility can no longer use shall not by itself constitute adequate grounds to support an exemption for such item. In determining whether a significant economic hardship has been established, the Director or designee shall consider the following information: ability of the food facility to recover the additional expense by increasing its prices; the availability of tax credits and deductions; outside funding; and other options.

- (e) Nonpayment of Citation for More than One Year Deemed Nuisance. Nonpayment of any assessed violation for longer than one year shall constitute a nuisance and be subject to the nuisance abatement procedures in Marin County Code Chapter 1.05, including payment of civil penalties of up to \$2,500 per violation per day and enforcement and other abatement costs incurred by the County.

SECTION III. This Ordinance was assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the County. The Board of Supervisors hereby finds that under section 15061(b)(3) of the State CEQA Guidelines, this Ordinance is exempt from the requirements of CEQA because it can be seen with certainty that the provisions contained herein would not have the potential for causing a significant effect on the environment. It also finds the Ordinance is exempt from the requirements of CEQA pursuant to CEQA Guidelines sections 15307 and 15308 as an action by a regulatory agency taken to protect the environment and natural resources.

SECTION IV: SEVERABILITY

Every section, paragraph, clause, and phrase of this Ordinance is hereby declared to be severable. If for any reason, any section, paragraph, clause, or phrase is held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity or constitutionality of the remaining sections, paragraphs, clauses or phrases, and the remaining portions of this ordinance shall continue in full force and effect unless amended or modified by the County.

SECTION V: EFFECTIVE DATE AND PUBLICATION

This Ordinance shall take effect thirty days after its passage and shall be published at least once in a newspaper of general circulation, printed and published in the County of Marin.
