Dear Supervisors:

RECOMMENDATION:

1. Receive Department of Health and Human Services' update on clinic integration.

SUMMARY: On September 12, 2017, your Board accepted the Department's recommendation to move forward with the closure of the HHS Dental Clinic and Specialty Medical Clinics and transfer of patients to Marin Community Clinics (MCC) provided the Director of Health and Human Services determines transfer criteria have been met. A key component to improving health equity and medical outcomes is ensuring that people have access to integrated services to address their health needs. Today, the Department returns to provide your Board with an update on the clinic integration. We have been working closely with MCC to make the transition as seamless as possible to ensure continuity of care. We have also been working with Human Resources, labor unions, and other stakeholders to address employee concerns and needs.

FISCAL IMPACT: There is no fiscal component associated with the acceptance of this report.
